

Mulle Activites

To celebrate Mulle Meck's 30th anniversary we have made this little party pack! It's full of ideas on ways to celebrate in a Mulle way.

Invites!

Later in this PDF is a Mulle Meck invite poster. Use this to let all your friends know when and where to go so you can celebrate together! Print out and put up posters and save some paper by sending digitally.

Decorations

It's always fun to decorate when you have a party! Try making some bunting from scrap fabric, paper and cardboard you have. Cut it into triangles of roughly the same size, then sew or stick the triangles to ribbon or fabric. Your bunting can be saved and used again and again!

Activities

How about trying out making paper aeroplanes? Later on you'll find instructions on how to fold a plane and a template to print out one with the 30 year anniversary medallion on it!

Who can fly their plane the highest?
The furthest? The fastest?

Mulle likes to make something new from something old. Perhaps, there are some old things you can build with? Drink cartons can become cars with bottle lids wheels, plastic bottles can be cut in half to become boats.

Story Time

Take a moment to read one or more of your Mulle Meck books with everyone. Who can do the best Mulle voice?

Colouring

As a 30th anniversary treat, Jens Ahlbom, the Mulle Meck illustrator has added in a special colouring in page. It's drawing of Mulle Meck and his new electric car. He builds the car in the latest book, Mulle Meck builds and Electirc Car!

Paper Plane Instructions

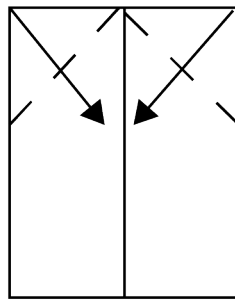

Complete Paper Plane

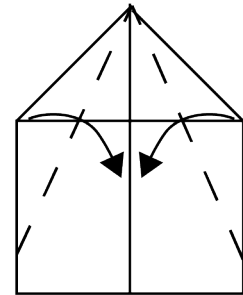

Mulle plane printable on the next page!

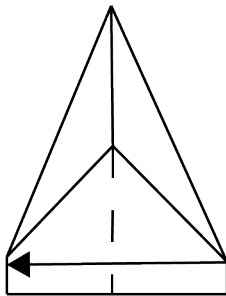

- 1.** Fold the paper in half as above, with the printed template on the underside and the yellow Mulle medal closest to you. Then open up flat again.

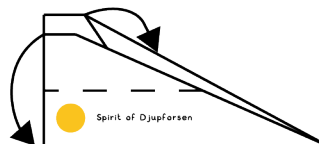

- 2.** Fold both top corners to the centre crease.

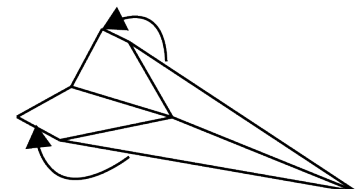

- 3.** Fold both sides in again so the corners meet at the middle crease.

- 4.** Fold the plane in half.

- 5.** Fold down both wings so the top two corners meet the bottom edge of the plane

- 6.** Unfold wings so they lie horizontal when the plane is in flight.
